The stated missions are dynamic ones and encourage new inclusions from time to time depending upon students' preferences and local needs. Care is taken to ensure the holistic development of the students. The vision, mission, and goals of the institution are in tune with the objectives of higher education. The governance of the institution is reflective of effective leadership.

The college aims at an integrated and personalized education of the youth to produce intellectually competent, morally upright, socially committed, spiritually inspired, and nationally dedicated citizens of India, today and tomorrow. The college is committed to prepare its young cadets in such a way so that they can fight for education, own rights, and empower the lesser privileged social groups such as the tribal, backward classes, minorities, women, and other vulnerable sections of the society.

The college has started two initiatives in this year as best practices, to ensure the expansions of practical knowledge and to encourage entrepreneurship, namely, 1. Establishment of Vermicompost unit in the College campus and 2. Establishment of Mushroom Cultivation and Research Centre in the college, these were distinct practices in this year.
